

Founders Lodge BY MANTIS

Unearthing a Conservation Legacy

Founders Lodge was the private residence of Adrian Gardiner, founder and visionary of Mantis Collection and Shamwari Game Reserve. The lodge is situated on a 400 hectare reserve adjacent to and with direct access to Shamwari Game Reserve, in the malaria free Eastern Cape of South Africa.

With the co-operation and agreement of the current owners of Shamwari, Founders Lodge has undergone extensive renovations to enable Adrian and Mantis to convert Founders into a self contained commercial lodge. Game drives are on the adjacent 25 000 hectare Big 5 Shamwari Game Reserve and guided walks on the Founders private 400 hectare reserve.

The secluded Founders Lodge, with only 6 suites and scenic surrounds, aspires to offer private tailored experiences, drawing inspiration from all the fond memories Adrian had of hosting friends, family and celebrities at Shamwari.

Guest Activities

Game Drives

Undoubtedly one of the highlights of a visit to South Africa. Shamwari, being one of the largest private conservation initiatives in, and home to 5 of the 7 biomes of South Africa, allows for a large concentration and wide variety of wildlife.

Daily game drives with professional guides provide the perfect opportunity to encounter Africa's incredible animals, while evening drives reveal the elusive magic of nocturnal Africa. Sundowner drinks at sunset and coffee/tea at sunrise, make the game drives so much more memorable.

Persons under the age of 4 years are not permitted to join game drives.

Guided Nature and Game Walks

Qualified guides provide the opportunity for guests to experience the excitement of tracking, bird, insect, plant and animal dropping identification on nature walks. These walks are restricted to the 400 hectare reserve which is free of predators and dangerous animals.

Born Free Foundation, Animal Rescue & Education Centre

In partnership with actress and conservationist, Virginia McKenna's Born Free Foundation, Shamwari Game Reserve designed the Born Free Foundation, Animal Rescue and Education centre to incorporate a museum and educational facility with the goal to create awareness of the horrific way in which wildlife is exploited in captivity around the world.

The centre is home to several big cats, rescued from dire situations. The Born Free Foundation is a registered charity organization and therefore solely relies on donations. No entry fees are charged, but a monetary donation is optional.
